ABOUT US (HAKKIMIZDA)

Cam El Elmas'ın temeli 1992 senesinde, cam işleme elmas dekor diskleri ve elmaslı aşındırıcılar üretmek amacıyla kurulan bir atölyeye dayanmaktadır. Cam sektöründe tecrübelenen ve zamanla bir portföy sahibi olan şirketimiz, 2009'dan bu yana Paşabahçe, Lav ve daha bir çok marka züccaciye ürünlerinin toptan satışını da gerçekleştirmeye devam etmektedir.

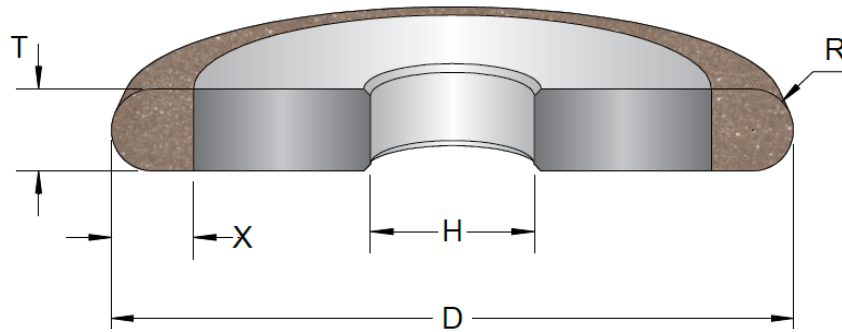

The foundation of Cam El Elmas is based on a workshop established in 1992 to produce glass decorative grinding wheels and diamond abrasives. Our company, which is experienced in the glass sector and has a portfolio over time, has been continuing to wholesale Pasabahce, Lav and many other brands' glassware products too since 2009.
